

ENMU Dual Credit Updates

Information for juniors/seniors in ENMU taught classes

There will be NO live, face-to-face classes on ENMU campus the week of March 16-20.

Live classes on ENMU campus will resume as scheduled on March 23rd.

Face-to-face teachers will be reaching out individually to students with information about class specifics and potential for a more hybrid approach to the classes.

All ONLINE (through Canvas) classes will continue as normal.

The ENMU building will continue to be open after March 23rd and students can use their building for computer and internet access in order to complete their classwork.

If you have an individual technology access issue, please contact the college to discuss the problem.

The college is mindful of our dual credit students and is working with RHS to ensure that things go smoothly for the rest of the semester.
