April 2, 2020

Good afternoon everyone,

This is Dr. Bickert, Superintendent of Schools.

I want to provide a District update to everyone. Our teachers and staff continue to meet (online and via phone) to plan appropriate learning opportunities for our students. We continue to incorporate the results of our technology survey into our District's Continuous Learning Plan (CLP), which is due to the Public Education Department (PED) on Wednesday, April 8th. Learning opportunities for all students in Pre-K thru 11th grade, will be available beginning Monday, April 13th. Our seniors of the Class of 2020, who are more directly impacted by this pandemic than anyone else, are being contacted individually, as we strive to assure that all 122 of them meet all of their graduation requirements and receive a high school diploma.

I would like to remind everyone that all school activities and events are postponed, until we have permission from the Governor's Office and/or the New Mexico Department of Health to begin rescheduling. I would also like to inform everyone that all school buildings remain closed, except for "essential personnel" and for meal preparation and distribution, which will continue throughout the extended closure.

Finally, I would like to extend my thanks to everyone in our community who continues working to keep us safe and healthy and I encourage everyone to continue following recommended safety precautions.

Dr. Bickert
