Determination

Pursuant to NM Stat § 13-1-127 Emergency Procurement, it is hereby determined that due to the McBride fire in Ruidoso, New Mexico, there exists an immediate threat to public health and safety at and around Ruidoso Middle School located at 124 Warrior Drive. Specifically, trees damaged by the McBride fire adjacent to roadways, sidewalks, power lines, parking areas and playground areas pose an immediate and serious threat to safety of students, staff, parents and any person at or near these areas of the school. Due diligence regarding this determination included a burned area site review and recommendations to the District by officials from the Village of Ruidoso Forestry Division and the New Mexico State Forestry Department.

Areas not adjacent to roadways, sidewalks, power lines, parking areas and playground areas as noted above are not included in this determination.

Services to remedy this emergency are hereby determined to be needed immediately and shall be ongoing due to current and expected weather conditions.

Clinton Taylor, Chief Procurement Officer
