

Good morning everyone,

This is Dr. Bickert, Superintendent of schools.

I would like to remind everyone of a few important things. First, that due to the Easter weekend, meal availability will be doubled-up today, Thursday, April 9th and will resume normal distribution again on Monday, April 13th. Also on Monday the 13th, our Continuous Learning Plan/Opportunities will be available for all students. I know that most of you have already been contacted with some information from your school. If you still have questions, please reach out to us.

Finally, please continue to follow recommended safety precautions and guidelines and stay safe and healthy!
