RMSD Update

Dr. Bickert
Superintendent

In the past week, we were able to experience the typical weather swings for Ruidoso in January, which included a day of relative warmth and sunshine, freezing temperatures, and winter precipitation. Knowing that we are in winter, I thought it important to share our weather protocol.

Information about a school closure or delay is communicated publicly, via Robocall, at 6 AM. Principals and Directors are provided the information to share with staff (via text or phone tree), prior to the official Robocall release. This information is then provided to local radio/television networks, and posted to our webpage and Facebook. Occasionally, an announcement is made the evening prior when conditions are warranted.

As we know, weather and road conditions vary widely across the District. If school is neither canceled or delayed, but conditions in your area are unsafe for travel, please make the safe decision for your child and contact the school regarding your child's absence.

Have a wonderful weekend! *Dr. B.*

SVP

Second grade student leaders are serving as greeters by welcoming everyone into the building with a smile to start each day!

WME

Ms. Shaver's 3rd graders are excited for music class where they create music and dance!

RMS

Congratulations on a 1st Place finish in the Sierra Blanca Tournament to our Wrestling team, which is composed of RMS and RHS students!

RHS

RHS welcomed the Desert Winds Band from New Mexico State University to perform at a morning assembly.
