

The Weekly Warrior

February 10, 2023

RMSD Update

Dr. Bickert
Superintendent

One of the highlights of being the superintendent is sharing the achievements and accomplishments of our students in the Weekly Warrior. This past week, we had Warriors doing great things on the mat and in the lab!

Two young lady grapplers, Aileen Salome and Shalie Thorp, competed in the regional wrestling tournament. Aileen is advancing to the State Championship next weekend! The boys regional meet is this weekend.

For the first time in many years, RHS fielded a team in Science Olympiad. Our mighty seven Warriors (Jacob Light, Dannika Notsinneh, Charles Girven, LiErin Maypole, Arabella Snead-Schmitz, Marie Chaffin and Derick Huynh) entered 8 events and placed in 6 of them earning advanced to State Science Olympiad!

It's only February and the middle of winter, but our Extended Learning and Fun Programs at SVP, WME, and RMS will be returning this June! Plan family vacations in July.

It has been quiet at the Legislature this week. Nothing of note to report. Wishing everyone a wonderful weekend.

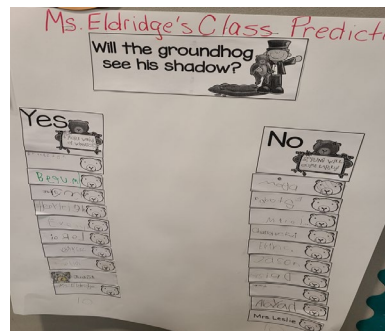

Dr. B.

UPCOMING

February 14 Warriors Basketball vs Dexter
Lady Warriors Basketball at Dexter

February 17 Warriors Basketball vs Tucumcari
Lady Warriors Basketball vs Tucumcari

February 17-18 Warriors Wrestling State Tournament

SVP

Ms. Eldridge's kindergarten class made predictions on whether Punxsutawney Phil will see his shadow and lengthen our winter.

WME

Ms. Higginbotham's Art & Music Classes combine learning, fun, and creativity every day!

RMS

RMS Students enjoyed dressing up for a night of fun at their Winter formal.

A special thank you to all the volunteers who made this night possible!

RHS

Dual Credit Wildlife Science Students visited the Bosque del Apache to view the javelin, a oryx and a wide variety of birds.
