RMSD Update

Dr. Bickert
Superintendent

Many thanks going out to our Calendar Committee members for their detailed work in completing a 2023 – 24 school year calendar that meets all of the recently passed school time requirements. With some fine-tuning, we were able to meet all said requirements and maintain our 182 day base professional contract! The calendar is still a “draft” and will be presented for Board approval at the next school board meeting (May 9, 2023). “Draft” copy posting soon!

The other big news that came out of the Spring Budget Conference is that salary increases will be based on either legislative-required increases (i.e. licensed Educational Assistants and Administrators) or a 6 % increase, whichever leads to a higher base. Other changes, as in increased employer coverage of health and medical premiums, does not affect us as the District already covers 80% of the premiums (most other districts are still at 60%).

Kudos to the SVP Pre-K Team for maintaining our 5 Star rating with earning “Exceeds Standards” on every New Mexico Pre-K monitoring standard!

Finally, thank you to staff, students, and families for making 3Y, Pre-K, and Kindergarten pre-registration/signing day a huge success!

Have a wonderful weekend! Dr. B.

UPCOMING

- April 15 Warriors Softball at Tularosa 4 & 6 pm
Warriors Baseball at Tucumcari 1 & 3 pm
- April 17 Warriors Golf Leroy Gooch Tournament in Ruidoso 9:00 am
- April 18 Warriors Softball at East Mountain 3:00 pm
Warriors Baseball at East Mountain – TBD
- April 20 Warriors Golf Coyote Springs Classic (Roswell) 9:00 am
