## RMSD Update

**Dr. Bickert**  
Superintendent

Early each spring in this column I begin promoting our Summer Learning and Fun Programs for SVP, WME, and RMS. RHS supports students by offering credit recovery opportunities. The opposite column depicts just a few of the fun, cool and around-the-district summer school activities that we have going on. Little did I know that my promotions would also attract 30 principals from around the state for their own version of summer learning and fun!

Recently, some of our students had the opportunity to ask questions of our astronauts on the International Space Station, which KRQE wrote a story about:

<https://www.krqe.com/news/education/new-mexico-students-get-rare-opportunity-to-ask-astronauts-questions/>

If you have traversed White Mountain Drive or Warrior Drive recently, you will have noticed that both WME and RHS are having parking lot makeovers, while the initial work on the Warrior Drive walking path has commenced. We also have athletes in the weight room and on the field preparing for August! In short, there is never a dull moment in Warrior Nation!

Hoping your summer break is great! *Dr.B.*

## UPCOMING

June 19 – 22 and June 26 – 29

Extended Learning and Fun Programs continue at SVP, WME, RMS. Credit recovery at RHS.

July 4 – Independence Day  
Central Office Closed

July 11 – Board of Education monthly meeting

## SVP

Mrs. Renteria's 2<sup>nd</sup> Grade Summer Extended Learning students designed and built stomp rockets.

## WME

Students in the Extended Learning Summer Program, enjoyed creating lava lamps.

## RMS

Students are enjoying the summer conditioning sessions at RMS with Coach Hernandez.

## RHS

RHS hosted the Principal Learning Institute, where principals from across the state met for professional development.
