September 15, 2023

RMSD Update

Dr. Bickert
Superintendent

We've reached the middle of September already and my, how time flies when you are learning while having fun! This week, I want to thank all the teachers across the District who started after school (and for some it's before school) tutoring. Tutoring beyond the normal school day is just another example of the professional dedication of our staff! Parents, if you think your child might need or benefit from tutoring, please contact your child's school or teacher directly.

We're sending our best wishes for safety in traveling and speed on the course to our RHS Cross Country team which is participating in a national meet in San Diego, CA this weekend. Go Warriors! Tonight, the Warrior Football team hosts Cobre for Homecoming 2023. Kickoff under the lights at Horton Stadium is set for 7 p.m. Hope to see a great turnout to support the Warriors tonight. Congratulations going out the Juniors, the Class of '24 for winning the spirit stick at Homecoming activities earlier today!

Wishing everyone a safe and wonderful weekend!

Dr. B.

SVP

The Wee Warriors enjoy our reading visits from the Warriors!

WME

On September 11th, WME students honored the heroes of September 11, 2001.

RMS

RMS Art students will soon showcase a "Drive-by Art Gallery" at the front of RMS.

We will also share on Facebook.

RHS

Biology students differentiated independent and dependent variables with this fun, soap bubble lab.
