RMSD Update

Dr. Bickert
Superintendent

As discussed in a previous School Board meeting, RMSD is one of a few districts across New Mexico to be included in Cooperative Educational Services' (CES) 6 – year longitudinal study on improving educational outcomes for New Mexico students. This week, Ms. Ferguson and I participated in an initial interview with a consultant from American Alliance for Innovative Systems (AAIS), who will be conducting the study. We will be hosting our first on-site visit with AAIS on October 5th and 6th. Consultants will visit classrooms and invite staff to participate in informational sessions. Stay tuned for more information.

Early notice: Our annual “High 5/Advanced” Honors night for students in 3rd – 8th grade who scored at the highest levels on last springs' state assessments is scheduled for Wednesday, October 11th at 6:00 p.m. at the Ruidoso Convention Center. Official invitations will be mailed next week.

Finally, our Warriors Football team tries to get back in the win column tonight, traveling down the mountain to take on the Tularosa Wildcats. If you can't make the game in-person, you can tune in at 101.5 FM.

Have a great weekend! *Dr. B.*
