April 29, 2022

## RMSD Update

**Dr. Bickert**  
Superintendent

Right now! We say goodbye to April and hello to May! Unfortunately, for most reading this, May will become longer by 2 days. After discussions with the New Mexico Public Education Department (PED) regarding the two instructional days missed because of the McBride Fire, we are required to add these two days back to our instructional calendar. **Therefore, we will have school (Grades 1<sup>st</sup> – 11<sup>th</sup>) on Thursday and Friday, May 26<sup>th</sup> and 27<sup>th</sup>. These will be normal school days.**

I would like to send a shout out to our band and choir students for an outstanding performance last night at their spring concerts and an early “congratulations” to all RHS students who have earned an invitation to Tuesday night’s Academic Awards ceremony, which will be at the Ruidoso Convention Center this year. Our Tepee Lounge students will again provide the wonderful refreshments.

It may seem early, but registration is open and ongoing for both Pre-K and Kindergarten for August. Currently, only 5 openings remain for Pre-K. Contact Sierra Vista Primary School for more information.

Once again, we will be under severe fire weather conditions this weekend, so please be careful and safe! **Dr.B.**

## UPCOMING

- May 2 RHS Golf to District Competition
  - May 3 RHS Academic Awards @ 5:30 p.m.  
Ruidoso Convention Center
  - May 7 RHS Track & Field District Meet in Silver City
- Lady Warrior Softball and Warrior Baseball schedules to be determined after this weekend’s games. Stay tuned.
- May 21 Graduation of the Class of 2022  
10:00 a.m. Horton Stadium

## SVP

Congratulations to SVP's entire PreK staff for being recognized as the 2022 NMSBA Student Achievement Award recipients!!

## WME

Ms. Higginbotham's musicians are learning to play rhythmic patterns on various types of drums/percussion instruments.

## RMS

Ms. Cortez' 6<sup>th</sup> grade scientists created fossils using Plaster of Paris, while her 7th grade scientists investigated chemical reactions.

## RHS

RHS students interested in careers in the health care industry attended the UNM Health Symposium.
