RMSD Update

Dr. Bickert
Superintendent

Tonight, between games of the baseball doubleheader with Santa Teresa, we will official dedicate "Mike Gladden Field." Former Superintendent Gladden was instrumental in starting up both the Warrior baseball and Lady Warrior softball programs. Everyone is invited!

It is the middle of June and we have just concluded very successful Extended Learning Time Programs (ELTP) at each of our campuses. A shout out and a thank you to all staff who continued working with our students.

Director Lane and the Food Services Team continue serving and providing meals at WME. Times are 11:30 – 12:30 and drive-thru pickup will still be available next week (June 21st – 24th).

On Wednesday of this coming week (June 23, 2021), the Legislative Finance Committee (LFC) meets here in Ruidoso at the Convention Center. The LFC is the bipartisan committee that analyzes the state's finances and makes recommendations as to how New Mexico funds should be budgeted and appropriated each year.

Pre-K and Kindergarden registration continues; please call 575-630-7000 for more information.

I hope that everyone is enjoying summer and a return to a more normal environment. *Don't Stop Believin'!* **Dr. B.**
