

In an effort to raise additional funds, Ruidoso Middle School Culinary Class has started the Box Tops for Education program. This program will be an easy way for parents and students to help earn cash that goes directly to the Culinary class at the Middle School. Monies earned through this program will be used to purchase grocery items that the students will use in class to better their culinary skills. Box tops can be found on many different items you purchase in stores. Please send any Box Tops you have to the Middle School Culinary Class with your student or give Mrs. Mader a call at 630-7812 and she will gladly pick them up. Thank you for your support.
